

Purpose:

Using the **Greenbridge** project as a template, to provide a method to people who aspire to start something similar.

1. Main Ingredients

Vision

Any community-minded, defensible, non-profit idea that you are passionate about

- if it's something that's needed it will fly without much boost
- if it's authentic, it may need some time or refinement but it will bloom, eventually if you insist

Principles

Try to stick to some core principles for the entire project.

For instance:

- All are welcome
- All methods, software, financial data, anything produced is open. (Greenbridge may be viewed as an "Open Hardware Project")
- All events are free of charge

Tripartite Pillars

EXCELLENCE	DOOCRACY	CONSENSUS
BE EXCELLENT TO EACH OTHER!  noisebridge.net/wiki/excellence	IF YOU WANT SOMETHING DONE DO IT BUT REMEMBER TO BE EXCELLENT TO EACH OTHER WHILE DOING SO. noisebridge.net/wiki/do-ocracy	MEANS EXPLORING TO FIND VOLUNTARY AGREEMENT AND ACTING TOGETHER WITHOUT COERCION. THE GROUP TAKES NO ACTION THAT IS NOT CONSENTED TO BY ALL GROUP MEMBERSHIP. ALL VOICES ARE HEARD UNTIL MEMBERS AGREE. noisebridge.net/wiki/consensus
